

**CITY OF AMERICUS  
PUBLIC SERVICE ANNOUNCEMENT**

Due to the ever changing market for recycled material, the city has made changes to the way things are placed in the Recycle Bins. The changes are as follows:

**DO NOT PLACE ANY PAPER IN THE PLASTIC BIN.**

Plastic bin must contain plastic only and no other items. The plastics that are accepted are #1, #2, #4, #5, #6, and #7.

**DO NOT PLACE ANY CARDBOARD or PLASTIC BAGS IN THE BIN.**

Paper bin must contain only newspaper, office paper, magazines, junk mail, food paper boxes.

**DO NOT PUT ANY TYPE OF BAG IN THE BIN.**

Metal bin must contain only metal cans, this is aluminum or steel.

These changes have to be made to comply with regulations for recycle materials. If any bin is contaminated with other items, the entire bin can not be recycled and will have to be taken to the landfill. Thank you for your cooperation and please continue to help keep Americus beautiful by recycling.

**DO NOT LEAVE BAGS OR BOXES BESIDE THE BINS**

Reminder that the City of Americus does not recycle glass of any color.

Call Robert Philmon 229-924-4411, for more information.
